

Dear organizers,
Dear participants,

It is a great pleasure for me to welcome the best fencers of Europe.

It is a wonderful fact that the city of Plovdiv will be a host of the European Championship – seniors and that fencers from the best European fencing nations will participate in that competition.

I am sure that the competitors will offer us one trilling tournament. It is a privilege for the citizens of Plovdiv that they will have the chance to be witnesses of this sport event and will have the chance to support the best Bulgarian and foreign fencers.

I would like to wish each one of the participants to fulfill their potentialities and to please the guests with their performances.

I want to thank to the International Fencing Federation which, by giving this host to Bulgaria, helps about stimulating the development of the fencing in our country.

I truly hope that this competition will become a real celebration for all spectators and guests!

See you soon again!

Stefka Kostadinova

President of Bulgarian Olympic Committee
